

**“Homeless, homesick and hopeless”** were the words chosen by a resident of El Hol Refugee Camp, Syria, in describing himself and his family.

**A local multi-church community group, undersigned by Ladysmith First United Church, has been formed to sponsor a young Palestinian refugee family from this camp.**

Refugee sponsorship is a one-year commitment with three main facets. Approximately \$23,000 is required to support a family of three for their first year in Canada. A home needs to be found and suitably furnished; and social support provided to help the family integrate into life in Canada.

**Together we give them hope;  
we can bring them home.**
